**Subject:** RE: SWM - Remedial Action Completion Report

Hello Paul and Rita, I would prefer if you sent the whole document manifest and plates included on CD-ROM. It would be easier for me to upload into our records database. Let me know if that is easier for you.

I will also be in San Pedro and at the Port of LA to visit the Wilmington Marine Services site March 15<sup>th</sup> as an FYI and if you wanted to get together and touch base as well.

I did receive the updated SMP, and have not had an opportunity to review it yet. My goal is to get to it early next week and have something for you no later than the end of next week.

Thank you

*George Randell*

Sara and George: can the lab reports and manifests be included in CD Roms rather than printed copies? The report is 670 MB and 1,000 pages.

Hi Rita,  
Please submit one hard copy and one electronic, compact disc for our records and review.

Please let me know if you have any questions.

Thank you and make it a great day.

Sara

**Subject:** SWM - Remedial Action Completion Report

Sara and George –

We have completed the Remedial Action Completion Report. Do you want us to send you a draft via email like we did with the SMP (this one has large plates, etc. though) or just submit the official report and you'll get a hard copy. It's more of a data dump and less like the SMP where there are prescriptions for future actions (other than a restricted use). Let us know.

Thanks.

Sincerely,

Rita Brenner
